Welcome to REHAU windows

REHAU offer a range of stylish energy efficient window systems to compliment your home, with a high-gloss finish, slim sightlines and the highest possible thermal and acoustic performance.

Energy efficient windows
All REHAU window systems can achieve a WER A rating - the highest energy rating, making your home more efficient and save money on your heating bills.

Acoustic performance
Double glazing is well known for its ability to reduce outdoor noise levels and new windows manufactured from REHAU profile can help bring down the noise levels in your home by as much as a half.

Low maintenance
REHAU windows contain a unique compound that guarantees a smooth, high gloss finish meaning that your new windows retain their pristine appearance for years to come.

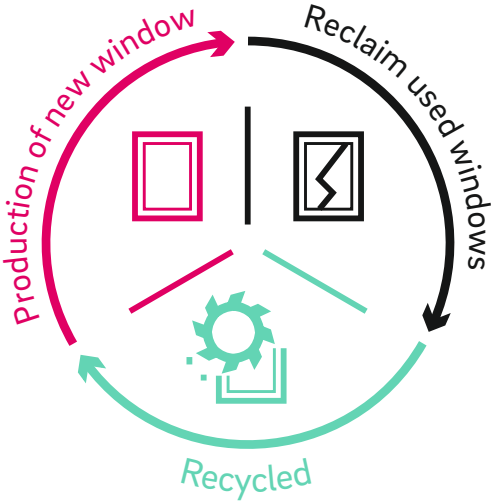

Quality and performance
REHAU window systems have been tested in accordance with and meet the highest requirements of BS7412 for the standard of a manufactured window.

Enhanced security
REHAU windows and doors are tested to the highest security standards giving you an added level of security to your home and family.

Weather performance
Independently tested REHAU windows and doors achieve the highest BSI ratings for wind, water and air protecting your home from the elements.

Excellent sustainability

As a manufacturer, we are conscious of the impact our actions have on people and the environment. The use of recycled materials is one of our strategic objectives. By making our own processes more efficient and creating new opportunities for recycling, our aim is to make it as easy as possible for everyone to make the choice of using recycled products.

Transform your home

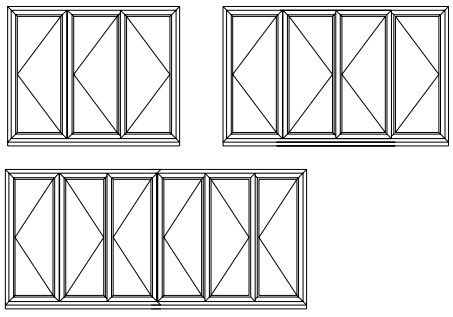

Open up your home with the AGILA multi-fold door and bring the outside in.

As a popular alternative to more traditional french doors and sliding patio doors, multi-fold doors can create an open plan feel for any type of building. The multi-facet panes fold back into a concertina style, allowing a wide opening offering unrestricted access.

The REHAU multi-fold door is a sophisticated door system which meets the demands of almost any property, enabling you to choose the number of panes to suit your needs. Dependent upon the size of the opening you can have up to a maximum number of 7 panes, covering a span of almost 5.5 metres and with the option of the master door being located on the right or left side, you have complete flexibility.

Integrated low threshold track is completely reversible allowing for doors to open in or out.
